MINOR & RECOGNITION PROGRAMS

► The Minor or Recognition must be completed in conjunction with a major in a different subject or an interdisciplinary program, and must be completed at the time of graduation with an Arts and Science degree.

► The graduation standard for a Minor and the Recognition in a Language requires a cumulative weighted average of 62.5% including all courses taken in the subject of the minor and in the language of Recognition. There is no alternate standard.

► Residency Regulations apply to Minors and Recognition.

► For the most current information on Arts & Science programs, standards, policies and regulations refer to the online Course and Program Catalogue: http://www.usask.ca/programs/colleges-schools/arts-science/index.php.
