Math Lab*	03	87088	M	9:30 - 10:20

These courses are recommended for students registering in the ISAP STEM Prep LC (LC-ISAPSTM). Classes that are required are marked in bold. Many students will register in only those 90 - level courses they need for continuing study in their program. Additional 100 - level courses that match this timetable can be added at the point of registration (see next page).

Note:

*Both Chemistry 90 and Physics 90 have Monday lab times that alternate between hands - on lab activities and applied math sessions each week. Students who register in both courses will access hands - on lab activities each week, and must additionally register in the "Math Lab" to access applied math curricula for each course.

Notes:

Students may choose between Math 101 or Math 102. Math 101 is recommended for students pursuing pathways without a math focus, while Math 102 is recommended for students that may use math and precalculus in future courses.

ENG 113 and CMPT 140 have time conflicts; they cannot be taken simultaneously.
