

The Forest Mushroom Project

Undergraduate Research Symposium

Ten undergrads who completed this BIOL 380 project will each present a 15-minute talk about their findings. The talks will start at 4:30 pm, with a break for refreshments at about 6 pm, and followed by the rest of the talks. Guaranteed to include nice photos and DNA findings!

Tuesday, April 2 2019, 4:30 to 7:30 pm
