

## PLANNED SCHEDULE OF ALTERNATING BIOLOGY COURSES

Many senior Biology courses are offered on an alternate-year basis (i.e. once every two years). The table below shows the schedule of courses that we intend to offer over the next three academic years. **Please note:** there may be circumstances beyond the control of the Department of Biology that require us to depart from this schedule, and the Department of Biology reserves the right to change this schedule without notice. A new three-year schedule will be posted on the Department website by May 1 of each academic year.
