

CALL FOR APPLICATIONS

DR. ROBERT A. FULLER AWARD and HAROLD ROSS SADDINGTON AWARD

Deadline: September 28, 2023

The Department of Chemistry is seeking applications for the Dr. Robert A. Fuller Award and the Harold Ross Saddington Award. These are the most prestigious undergraduate awards in the Department of Chemistry. Both awards are valued at \$7,000 each.

ELIGIBILITY CRITERIA

- Must have graduated from a high school in Saskatchewan (Fuller Award only)
- Must be a University of Saskatchewan undergraduate student enrolled in a BSc Four-Year Degree in Chemistry or a BSc Honours Degree in Chemistry
- Must have completed a minimum of 30 credit units in Chemistry at the time of application
- Must have completed at least 15 credit units in Chemistry in the University of Saskatchewan's Department of Chemistry at the time of application

SELECTION CRITERIA (IN ORDER OF IMPORTANCE)

1. Cumulative grade point average in *science courses directly pertinent to student's Chemistry major (i.e. courses in categories C3 and C4)*. Elective courses that fall in the C5 category (other than required Cognate courses) will not be included in the determination of the grade point average, nor will C1 and C2 courses.
2. Previous contributions to the Department of Chemistry (e.g. summer research, activity within the undergraduate Chemistry Student Society (CS2), etc.)
3. Indications that the student will likely continue in a Chemistry-related career
4. Financial need

APPLICATION PROCEDURE

Students wishing to apply for the award should **supply a letter (one page maximum)** addressed to the Department Head, Chemistry, providing the information below (a-f):

- a. Details of where the student applicant went to high school
- b. Progress in major (i.e. number of semesters completed, number of Chemistry courses completed)
- c. A statement of past participation in the Department
- d. Academic/career goals
- e. Evidence of financial need (if applicable)
- f. Transcripts should be attached as an appendix

Forward application letters by **September 28, 2023**, to Erin Wasylow, Office Coordinator (erin.wasylow@usask.ca).

NOTE

- The Department of Chemistry reserves the right to withhold the awards if no candidate is deemed sufficiently strong even if the above criteria are met.
- Students are required to submit one application only to be considered for both awards.
