Once you have confirmed your registration into an ASAP LC with one of the Academic Advisors, your official timetable (which you can access through your PAWs account) will appear and show all room/locations and numbers. Following the opening of the first-year U of S registration on June 16 you can register for additional courses for Term 1 and Term 2, if you choose. If you are registering for any ASAP LCs, please make sure the other courses you want to register in do NOT conflict with any of the components of your ASAP LCs. **NOTE: This LC begins with the ASAP Summer Camp in Aug 2018** to help prepare you for success in your ASAP courses such as Bio 120 and Chem 112, ask your Academic Advisor for more information.
