

## Shared Pathways on Campus

Remember to be respectful of all path-users, and apply the following rules of etiquette:

### Pedestrians

#### Walk on the right.

- Travel up the right hand side of the path
- Check over your shoulder when you are about to cross a path.

#### Be predictable.

- Avoid making sharp detours or stopping abruptly without looking where you are going
- Pay attention when crossing roads, and walking near campus construction sites

#### Text responsibly!

- Pay attention to your surroundings when crossing campus
- Make predictable movements

#### Wear sturdy shoes.

- Winter - October/November until March/April
  - Watch for ice/slippery patches

### Cyclists

#### Ride on the right.

*\*\*except to pass\*\**

- Cyclists travel at >20km/hr
- Pedestrians travel at <5km/hr
- Slow to respectful speeds in high traffic zones
- Pass pedestrians on the left side of the path

#### Be predictable.

- Use hand-signals
- Avoid changing direction abruptly, or passing pedestrians in close proximity
- Pay attention when crossing roads, or joining vehicular traffic

#### Use a helmet, bell and lights.

- Have a front- and rear-facing light (or reflector)
- Have (and use!) a bell to alert pedestrians

#### Respect rules of the road.

- Yield to traffic when leaving pathways
- ALWAYS yield to large equipment/vehicles
