## COLLEGE OF GRADUATE STUDIES AND RESEARCH

---

### Institute of Space and Atmospheric Studies Award

- Description:** Upon the dissolution of the Canadian Corporation for University Space Science (CCUSS), of which the University of Saskatchewan Institute for Space and Atmospheric Studies was a member, a motion was passed. It stipulated that the funds representing the latter's share of the CCUSS be used for individual scholarships or prizes in support of education in space research at each of the member universities.
- Category:** Scholarship
- Value:** To be determined
- Eligibility:** Open to students entering a graduate degree program in the Department of Physics and Engineering Physics within the Institute of Space and Atmospheric Studies. The award will be made on the basis of academic achievement in undergraduate degree work at a Canadian university.
- Application Procedure:** No application deadline. For further information, please contact the Head, Department of Physics and Engineering Physics, (306) 966-6404.
- Deadline:**
