

SEMINAR NOTICE

*Department of Physics and Engineering Physics
University of Saskatchewan*

SPEAKER: Dr. Yufeng Wang
Baydo Development Corporation

TOPIC: *Get Prepared, opportunities are waiting for you.*

DATE: October 16th, 2018

TIME: 3:30-4:30 p.m.

PLACE: Physics 103

ABSTRACT:

Yufeng Wang, received his PhD in Structural Engineering from University of Saskatchewan in 2011, supervised by Prof. Bruce Sparling and Prof. Leon Wegner. After 3 years engineer working in March Consulting, Yufeng, President & CEO, found Baydo Development Corporation in 2011.

In the last 7 years, Baydo built more than 1000 units including single houses, townhouse, apartments. Baydo and her sister companies currently hires more than 100 employees now, which grows from 2 people in 2011. Baydo has invested directly or indirectly over \$100 million in Saskatoon and surrounding areas. Baydo currently mainly focuses on all aspects (Design, Built, Own, and Manage) of purpose-built rental apartments.

In this seminar, Yufeng will share his ideas of what are employers looking for the new graduates. He will also share his stories to find a job, to setup a business, and to lead the business growing. Believe yourself and nothing is impossible. Get prepared, opportunities are waiting for you.

Coffee and Cookies will be served in Physics lounge at 3:00 p.m. for those attending the seminar.
