MINOR & RECOGNITION PROGRAMS

March 1, 2019

► The Minor or Recognition must be completed in conjunction with a major in a different subject or an interdisciplinary program, and must be completed at the time of graduation with an Arts and Science degree.

► The graduation standard for a Minor and the Recognition in a Language requires a cumulative weighted average of 62.5% including all courses taken in the subject of the minor and in the language of Recognition. There is no alternate standard.

► Residency Regulations apply to Minors and Recognition.

► Current information on Arts & Science program and minor requirements are located at: https://programs.usask.ca/arts-and-science/programs.php.

► Current information on Arts & Science standards, policies and regulations are located here: https://programs.usask.ca/arts-and-science/policies.php.
