

SECOND DEGREE PROGRAM

Complete form and submit to the Undergraduate Student Office, Room 265 Arts Building

Please be aware that we must contact your college to determine the number of Arts and Science courses that will be or were used towards your first degree. As we require this information in writing it may take a few weeks before you hear from us. At that time you will receive a Student Program Monitor which outlines the courses you have taken that will be used towards your second degree and the courses you will still require.

PLEASE COMPLETE THE FOLLOWING:

Date: _____ Student No: _____
