Articulation Agreement
between
The College of Arts & Science, University of Saskatchewan
and
Saskatchewan Institute of Applied Sciences and Technology (SIAST)

I. INTRODUCTION AND FRAMEWORK

The purpose of this agreement is to help students meet their goals through block transfer articulation of their Business Certificate (SIAST) to the Bachelor of Arts Business Economics degree program in the College of Arts & Science at the University of Saskatchewan.

This agreement enables graduates of the SIAST Business Certificate program to enter the Bachelor of Arts Four-year or Honours programs in Business Economics with advanced credit standing comprised of a block transfer of 30 credit units. Once admitted, students will be treated identically to other College of Arts & Science students, with full rights and responsibilities. Specifically, students will be expected to meet the academic progress requirements and follow all academic policies of the College of Arts & Science, with the exception of specific items outlined in this agreement.

This agreement focuses on the SIAST Business Certificate and the Bachelor of Arts, Business Economics degree program, but it does not preclude additional articulation agreements between the College of Arts & Science and SIAST as student interest in other programs emerges.

This agreement:

- Is subject to the regulations and policies of the University of Saskatchewan and to the terms outlined below.
- Relies on the information as documented herein, as such the parties will communicate on significant changes to courses or programs listed in this agreement.
- Relies on open communication between institutions. The contact person for SIAST is the Program Head Business and the contact person for the College of Arts & Science at the University of Saskatchewan is the Associate Dean, Student Affairs.
- Is subject to re-negotiation of terms by either party at any time.
- Will become effective immediately, and apply to applicants who are graduates of the SIAST Business Certificate program.
- Has no specified end date, but may be terminated by either party with one-year's notice.

- Will be reviewed after 5 years by the parties to ensure that it is still meeting the needs of each party.

This agreement is signed on behalf of the respective Institutions by:

II. GENERAL NOTES

1. The Admissions Office at the University of Saskatchewan has the final right of approval on admission decisions for all students.
2. The basis for receiving 30 cu towards the Business Economics program within the College of Arts & Science will be completion of the SIAST Business Certificate program (as outlined in section IV) and meeting the University of Saskatchewan's College of Arts & Science admission requirements.
3. Students are required to consult with an advisor in the College of Arts & Science Undergraduate Student Office prior to course registration.
4. The SIAST Business Certificate will equate to the College of Arts & Science block transfer credit listed in Section III.
5. Students must complete the remaining credit units at the University of Saskatchewan in order to meet College of Arts & Science residency requirements. This includes half the required credit units in their degree, 2/3 of the required senior-level courses, and 2/3 of the required credit units in their major.
6. Of the 120 credit units required for the Four-year and/or Honours degrees at least 66cu must be at the senior level (200, 300, or 400).
7. Students wishing to transfer to other Colleges or programs at the University of Saskatchewan must meet the College or program transfer requirements of that College or program. This agreement applies only to students choosing Business Economics as their major. If another major is chosen, the student's transfer evaluation will be assessed on a course-by-course basis. Students should contact the Student Enrolment Services Division for transfer credit evaluation.

IV. SUGGESTED PROGRAMS OF STUDY AND PROGRAM MONITORS

Promotion and Graduation Standard

Students must meet the overall C.W.A. and major C.W.A. as described under Promotion and Graduation Standards.

For students with transfer credits, the required promotion average is based upon the total credit units attempted, including transfer credits. The C.W.A. is calculated only on University of Saskatchewan courses attempted; grades received from other institutions are not included in the C.W.A.

Students must meet all program requirements for the particular degree they are pursuing. This means that some students will have to complete more courses than the following minimum requirements.
